Ella

Universal chair with five star base and height adjustment

Design — Antti Kotilainen

The elegant and light Ella chair with castors and height adjustment is particularly well-suited for small meeting rooms, and as a task chair for short periods of work and in group work spaces. The chair is available both without upholstery and with several upholstery and material options. The height of the chair is easy to adjust and the flexible adjustment mechanism increases seating comfort. In the plastic version, the raw material used for the plastic in the seats and backrests of the chairs is 100% recycled.
