Martela

Ella

Universal chair with sled base

Design — Antti Kotilainen

The Ella universal chair with sled base has a light and timeless appearance. The chair is available both without upholstery and with several upholstery and material options. The chair is stackable and row-connectable, so Ella is excellently suited for various spaces, such as conference halls, for example. In the plastic version, the raw material used for the plastic in the seats and backrests of the chairs is 100% recycled.
