Martela

Kilta

70th anniversary chair

Design — Olli Mannermaa

Kilta is a Finnish design classic that is celebrating its 70th anniversary. Designed by Olli Mannermaa in 1955, the Kilta chair was Finland's first plastic chair and is one of the most highly regarded Finnish design icons. This anniversary chair is upholstered in warm brown Elmosoft leather and a polished aluminlum base.
Each chair is decorated with a commemorative plaque: “Martela Kilta chair anniversary - Design Olli Mannermaa 1955."
This limited edition honors the tradition of timeless design and sustainable work – a classic that is as relevant today as it was seven decades ago.
